# How Mrs. Simpson Came Into World Spotlight; Play by Play Account

THE KING

Edward was proclaimed king at birth of his father on Jan. 6, 1894. As prince, he showed many virtues.

HE IS SEEN WITH A FRIEND

But Edward buckled down to his job and Brits felt pretty good. If he was seen often with charming Mrs. Simpson, the British press said nothing of it.

AMERICA EATS IT UP

Not so the U. S. press. Headlines got bigger and blacker. Mrs. Simpson was the woman of the year and British officialdom saw headaches coming.

SHE GETS A DIVORCE

When "Wally" got her second divorce, U. S. reporters made up most of the crowd outside the court. U. S. press played it big.

THE CABINET TONTERS

No longer able to ignore king's private life, cabinet worried about it. Chief adviser, Prime Minister Baldwin (above).

"WALLY" STANDS BY

Abdication talk threw spotlight to Duke of York next in line to throne. By rights, a sound family man.
